

CONFIDENCE

INITIATIVE

DIVERSITY

History

- Understand how and why settlements were built in particular locations
- Explore the chronology of different historical periods
- Identify features of buildings from different time periods
- Investigate how and why buildings change over time

Science

- Explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment
- Recognise that environments can change and that this can sometimes pose dangers to living things.
- Explore examples of human impact on environments.

Autumn 2022

Lower School

Project: Homes

Key Question: What makes a house a home?

CONCEPTS:
