

Bomb warnings, threats and evacuation

In the event of a decision to evacuate the building as a result of a bomb threat, the school fire alarm will sound and a member of staff will guide you to the evacuation point.

Everyone should proceed in a quiet, calm and orderly fashion via the emergency exits to the playground. From here, each class will make their way towards the field in single file.

The roll call (requiring registers, photos of staff board and signing out books) will be taken by the class teacher and the Office staff

The Office Manager will ring the infants to advise them of the situation.

Once all persons have been accounted for you will be advised what further action to take.

DO NOT re-enter the building unless you are advised to do so by the person in charge.

On hearing continuous, urgent blowing of a whistle, all people on site need to make sure that they get themselves safely into a room with closed doors and windows.
