

## **G Suite for Education Notice to Parents and Guardians**

This notice describes the personal information we provide to Google for these accounts and how Google collects, uses, and discloses personal information from students in connection with these accounts. Using their G Suite for Education accounts, students may access and use **some** of the following “Core Services” offered by Google **at the discretion of the school** (described at [https://gsuite.google.com/terms/user\\_features.html](https://gsuite.google.com/terms/user_features.html)):

- Gmail
- Google+
- Calendar
- Chrome Sync
- Classroom
- Cloud Search
- Contacts
- Docs, Sheets, Slides, Forms
- Drive
- Groups
- Hangouts, Hangouts Chat, Hangouts Meet, Google Talk
- Jamboard
- Keep
- Sites
- Vault

In addition, we **may** eventually allow **some students** to access certain other Google services with their G Suite for Education accounts. Specifically, your child **may** have access to the following ‘Additional Services’: YouTube, Blogger, Google Maps. However child-friendly filtering will continue to be provided through Hampshire Services.

Moreover we must emphasise that the use of G Suite tools by students of Sun Hill Junior School is a privilege and not a right; misuse will result in the permissions being switched off temporarily or permanently for individual users.

Google provides information about the information it collects from G Suite for Education accounts and how it uses and discloses that information. Please read that notice online at [https://gsuite.google.com/terms/education\\_privacy.html](https://gsuite.google.com/terms/education_privacy.html)

You should review this information in its entirety, but below are answers to some common questions:

### **What personal information does Google collect?**

When creating a student account, Sun Hill Junior School may provide Google with certain personal information about the student, including, for example, a name, email address, and password, which are held securely on our own server.

- Log-in information, including details of how a user used Google services, device event information, and the user's Internet protocol (IP) address;
- Location information, as determined by various technologies including IP address, GPS, and other sensors;
- Unique application numbers, such as application version number; and

- Cookies or similar technologies which are used to collect and store information about a browser or device, such as preferred language and other settings.

### **How does Google use this information?**

In G Suite for Education Core Services, Google uses student personal information to provide, maintain, and protect the services. Google does not serve ads in the Core Services or use personal information collected in the Core Services for advertising purposes. In Google Additional Services, Google uses the information collected from all Additional Services to provide, maintain, protect and improve them, to develop new ones, and to protect Google and its users. Google may also use this information to offer tailored content, such as more relevant search results. Google may combine personal information from one service with information, including personal information, from other Google services.

### **Does Google use student personal information for users in KS1 and KS2 schools to target advertising?**

No. For G Suite for Education users in primary and secondary (K-12) schools, Google does not use any user personal information (or any information associated with an G Suite for Education Account) to target ads, whether in Core Services or in other Additional Services accessed while using an G Suite for Education account.

### **Can my child share information with others using the G Suite for Education account?**

We may allow children to access Google services such as Google Docs and Sites, which may include features where users can share information with others or publicly. For example the children might create a website to show off their history work and want to make it public for parents to see it. When users share information publicly, it may be indexable by search engines, including Google.

### **Will Google disclose my child's personal information?**

Google will not share personal information with companies, organizations and individuals outside of Google unless one of the following circumstances applies:

- With parental or guardian consent. Google will share personal information with companies, organizations or individuals outside of Google when it has parents' consent (for users below the age of consent), which may be obtained through G Suite for Education schools.
- With Sun Hill Junior School, G Suite for Education accounts, because they are school managed accounts, give administrators access to information stored in them.
- For external processing. Google may provide personal information to affiliates or other trusted businesses or persons to process it for Google, based on Google's instructions and in compliance with the G Suite for Education privacy notice and any other appropriate confidentiality and security measures.

- For legal reasons. Google will share personal information with companies, organizations or individuals outside of Google if it has a good-faith belief that access, use, preservation or disclosure of the information is reasonably necessary to:

- \* meet any applicable law, regulation, legal process or enforceable governmental request.

- \* enforce applicable Terms of Service, including investigation of potential violations.

- \* detect, prevent, or otherwise address fraud, security or technical issues.

- \* protect against harm to the rights, property or safety of Google, Google users or the public as required or permitted by law. Google also shares non-personal information -- such as trends about the use of its services -- publicly and with its partners.

### **What choices do I have as a parent or guardian?**

First, you can consent to the collection and use of your child's information by Google. If you don't provide your consent, we will not provide a G Suite for Education account for your child, and Google will not collect or use your child's information as described in this notice. If you consent to your child's use of G Suite for Education, you can access or request deletion of your child's G Suite for Education account by contacting the school office. If you wish to stop any further collection or use of your child's information, you can request that we use the service controls available to limit your child's access to features or services, or delete your child's account entirely. You and your child can also visit <https://myaccount.google.com> while signed in to the G Suite for Education account to view and manage the personal information and settings of the account.

### **What if I have more questions or would like to read further?**

If you have questions about our use of Google's G Suite for Education accounts or the choices available to you, please contact your child's class teacher or Ms. Rhys-Jones via the school office. If you want to learn more about how Google collects, uses, and discloses personal information to provide services to us, please review the G Suite for Education Privacy Center <https://www.google.com/edu/trust/>, the G Suite for Education Privacy Notice [https://gsuite.google.com/terms/education\\_privacy.html](https://gsuite.google.com/terms/education_privacy.html), and the Google Privacy Policy <https://www.google.com/intl/en/policies/privacy/>. The Core G Suite for Education services are provided to us under Google's Apps for Education agreement [https://www.google.com/apps/intl/en/terms/education\\_terms.html](https://www.google.com/apps/intl/en/terms/education_terms.html)

***This notice, including all the links above, is available on the schools website and has been emailed to all parents/carers who have signed-up to the school email service.***
