### Geography

We will be learning about and comparing rivers in the locality, in the UK and in America; developing map skills and undertaking fieldwork to find out about rivers and how they shape the landscape around us.

### Art

We will be exploring the work of American artist Georgia O'Keeffe;

Creating mixed media collages to represent rivers and landscapes.

Spring 2023 Upper School

Project: **A Tale of Two Rivers**

Key Question: **How do rivers shape our world?**

### CONCEPTS:

Transformation, Interdependence, Community, Unity

### OUTCOME:

Produce a video/ vlog comparing a river in the UK to a river in America.

### Computing

We will plan and create a blog (personal website) to present our project outcome. We will use knowledge and skills in:

- **research and present content and information.**
- **HTML (Hyper Text Markup Language)** in website design and the implications of copyright.
- **e-safety** in regards to sharing personal information online, **cyberbullying** and online etiquette.

### Science

Living things & their habitats - classification  
Understand, use and devise classification keys for living things, giving reasons for why animals and plants belong in particular groups.  
Apply our knowledge of living things and their habitats to our river field work.
