

# CONFIDENCE

# INITIATIVE

# DIVERSITY

## Art and Design

- To design a printing design to meet a purpose
- To use different printing techniques to create a clear impression
- To understand different sculptural forms
- To plan a 3D sculpture
- To use different materials and attachment techniques to create a sculpture with detail which conveys character and feeling

## Literacy

- Evaluate the effectiveness of stories and books to present a message – including stories from around the world
- Plan and rehearse a story which influences the reader
- Design illustrations which represent the story and it's message
- To evaluate the effectiveness of our stories

Spring 2023 Lower School

Project: Stories

Key Question: How do Stories Change the World?

### CONCEPTS:

Legacy

Representation

Influence

### OUTCOME:

A Book Launch of our Published Book

## Computing

- Desktop Publishing - How to use a variety of software / online apps to present work
- To recognise how information can be edited, choosing appropriate page settings, adding content to a desktop publishing application and exploring different layouts
- Photo Editing - How images can be published, edited, owned and shared digitally.
- To change the composition of an image and describe different uses, making good choices when selecting different tools and recognising that not all images are real
- eSafety - Considering copyright and ownership when researching on the internet; Exploring how self-image and identity can be affected by image editing

## Spring Term 2022
