

CONFIDENCE INITIATIVE DIVERSITY

Art, Design and Technology
 We will be learning about how the seasons affect the food that we eat. How food is processed into ingredients and eaten or used in cooking. Using design criteria to create innovative, functional and appealing products and their cost.

Science
 We will be learning about the life-cycle of plants, insects and mammals. In the second half of term, we will be looking at the life-cycle of humans through reproduction and old age.

Music
 We will be exploring the role of music in advertising and comparing a range of jingles. We will be building on our composition skills to use notation to compose our own jingles for our pizza advert.

 Summer 2021 Upper School Theme: Enterprise
 

Key Question: What influences the choices we make?

CONCEPTS:
 CREATIVITY TRUTH RESPONSIBILITY WEALTH

OUTCOME:
 Pop-up Pizzeria

Computing
 We will use Computer modelling to design packaging for a product, use a wider range of presentation software and discern between reliable & unreliable information on the internet.

PSHE/RSE
 We will be covering the Physical health and Mental wellbeing, growing and changing and keeping safe topics within our discrete PSHE lessons.
 We will also be recapping our money and work topic in the context of this project as well as exploring the concepts of truth, responsibility and wealth.

Spanish
 We will be learning vocabulary around food and restaurants through a range of games, role play and activities. We will practise key questions and phrases needed when visiting a restaurant.
