- HEADTEACHER REPORT:

Sun Hill Junior School really appreciates the time and effort that the FOSHJS put into supporting the school.

What you do enables us to provide extras for the children that enhance their experiences at school.

This is particularly true at key points of the school year; the start of the year, Christmas and the end of the year.

I would like to thank you for Elf Day, which always brings a smile to everyone's face and started the Christmas period off with a bang! You also provided the children with the online panto and snacks which provides a lovely afternoon after they have had their Christmas lunch. There was also the school disco's which I know that the children love, as well as you doing the refreshments for the Year 3 / 4 panto and the cards.

Your continuing support also enables us to plan for future projects and enhancements for the school and I would like to thank you on behalf of the school staff and children for everything you have done in the past and what is to come
