

Sun Hill Junior School Vision Statement

“To foster a safe environment where everyone flourishes to make a difference to themselves and others”

Working in conjunction with all staff, pupils, trustees and members of our parent forums we are delighted to present our School Vision Statement, School Aims and our Values.

Our “STARS” values drive all of our behaviours, beliefs and actions.

At Sun Hill Junior School, we believe that everyone within the school community should work together to create a place where everyone thrives and is provided with the opportunities and support to reach their own personal goals. We aim to create a diverse, stimulating learning environment that enables confidence and initiative to flourish. By working closely with pupils, parents and the wider community, we encourage children to become confident and compassionate young people who value and respect others and have a strong sense of belonging.

School Aims

Standards achieved by the Children

- To enable all children to enjoy school life, achieve their best in all areas; ensuring that all children develop emotional strength and confidence in themselves.
- To make outstanding progress in relation to their prior attainment in all curriculum areas.

The Quality of Education provided by Sun Hill Junior School

- To provide all children with high-quality inclusive learning experiences by identifying clear learning outcomes, using effective teaching styles and methods and suitable resources - all well-matched to their differing needs.
- To have a sensitivity and awareness of individual needs, working to support and guide towards positive outcomes.
- To ensure that all children are fully involved in a relevant, vibrant and broad curriculum which embraces diversity of culture, thought and experience.
- Children will have the opportunity to develop skills and ideas that engage them fully.
- To enable all children to set themselves high standards, take pride in their work and strive towards going over and above and succeed.
- To enable all children to be confident, self-motivated and use their initiative to develop their own learning.
- To provide a lively, stimulating and well-organised environment for learning in which staff and children work co-operatively towards independence.
- To ensure that all children acquire the skills, knowledge and understanding needed to adopt a healthy, safe and fulfilling lifestyle.
- To create a happy, relaxed and stimulating atmosphere in which each child can develop positive and co-operative relationships, tolerance, understanding and respect for all people.
- To involve parents and other stakeholders in school life to ensure that all aspects of children's progress are fully inclusive, shared and supported.

Leadership and Management

- To provide clear leadership and effective management at all levels which takes the school forward in its chosen direction.
- To make effective use of the school's resources in order to achieve the best possible learning outcomes.
- To ensure a cohesive approach within the school community; where all stakeholders work together towards a shared goal.

We believe that our vision, aims and school curriculum will nurture passionate and motivated learners who have the self-belief and independence to achieve excellence and succeed now and in the future.
